Supervisor Molina made the following statement:

“Fire is a serious public safety concern both locally and Nationally, and homes are the locations where people are at greatest risk from fire. Los Angeles County residents are responsive to public education measures and are able to take personal steps to increase their safety from fire.

“The theme for Fire Prevention Month is ‘Use Candles with Care: When You Go Out, Blow Out!’ Each candle fire that is prevented in the County of Los Angeles is an opportunity to prevent painful injury and costly property damage. Using proper care with candles will have a positive effect on the home fire problem.”

Therefore, on motion of Supervisor Molina, seconded by Supervisor Burke, unanimously carried, the Board proclaimed October 2005 as “Fire Prevention Month” throughout Los Angeles County and reminded people of the simple actions that can be taken such as “Use Candles with Care: When You Go Out, Blow Out!” to stay safe and prevent painful injuries and costly property damage from fire throughout the year.
